Ecocide Banking Supervision and Criminal Investigation Television Series as Literature The Politics of Maternity Exploring and Optimizing Agricultural Landscapes Magic: The Gathering Band 2 - Der Zauberdieb Souverän Vermögen schützen The Chase *Franz Broschimmer Giulia Lasagni Reto Winckler Rosemary Mander Lothar Mueller Matt Forbeck Olaf Gierhake Elle Kennedy*

we live in an age of ecocide changes of enormous ecological significance are occurring on our planet the ozone layer is beginning to disintegrate since 1970 the world's forests have almost halved a quarter of the world's fish have been depleted 70 of biologists believe the world is now in the midst of the fastest mass extinction of species in the planet's 4.5 billion year history biodiversity loss is rated as a more serious environmental problem than the depletion of the ozone layer global warming or pollution and contamination how have we come to this and what can be done to conserve our environment for the future ecocide examines the facts behind the figures to offer a disturbing account of the ecological impact that the human species has on the planet it shows how we are wilfully destroying our world highlighting important countermovements who are working for ecological democracy this unique book is essential for anyone who cares about conserving our environment for the future

in the aftermath of the last financial crisis on both sides of the atlantic banking supervisors were given new supervisory and enforcement powers which are often of a substantially punitive criminal nature in europe in particular the establishment of the single supervisory mechanism within the european central bank substantially increased centralised investigatory and sanctioning powers this major innovation together with the development of forms of real time monitoring of banking often digital records challenges traditional banking criminal investigations in their national based and analogue dimension the book offers a comprehensive account and perspective analysis of the interactions between the criminal and administrative nature of such new powers highlighting their punitive overall nature and their impact on fundamental rights covering both the us and the eu regulatory frameworks it presents unprecedented trans systemic research between criminal law and procedure and between regulatory and administrative law at the international european and national level the book also includes a rich and detailed selection of case law from the us and the european supreme courts with a specific focus on cjeu and ecthr decisions

this book explores how television series can be understood as a form of literature bridging the gap between literary and television studies it goes beyond existing adaptation studies and narratological approaches to television series in both its scope and depth the respective chapters address literary works themes tropes techniques values genres and movements in relation to a broad variety of television series while drawing on the theoretical work of a host of scholars from simone de beauvoir and yuri lotman to ted nannicelli and jason mittel and on critical approaches ranging from narratology and semiotics to empirical sociology and phenomenology the book fosters new ways of understanding television series and literature and lays the groundwork for future scholarship in a number of fields by questioning the alleged divide between television series and works of literature it contributes not only to a better understanding of television series and literary texts themselves but also to the development of interdisciplinary scholarship in the humanities

the evidence surrounding the skills and approaches to support good birth has grown exponentially over the last two decades but so too have the obstacles facing women and midwives who strive to achieve good birth this new book critically explores the complex issues surrounding contemporary childbirth practices in a climate which is ever more medicalised amidst greater insecurity at broad social and political levels the authors offer a rigorous and thought provoking analysis of current clinical managerial and policy making environments and how they have prevented sustaining the kind of progress we need the politics of maternity explores the most hopeful developments such as the abundant evidence for one to one care for women and sets these accounts against the background of changes in health service organisation and provision that block these approaches from becoming an everyday occurrence for women giving birth the book sets out the case for renewed attention to the politics of childbirth and what this politics must entail if we are to give birth back to women designed to help professionals cope with the transition from education to the reality of the system within which they learn and practise this inspiring book will help to assist them to function and care effectively in a changing health care environment

the book informs about agricultural landscapes their features functions and regulatory mechanisms it characterizes agricultural production systems trends of their development and their impacts on the landscape agricultural landscapes are multifunctional systems coupled with all nexus problems of the 21th century this has led to serious discrepancies between agriculture and environment and between urban and rural population the mission key topics and methods of research in order to understanding monitoring and controlling processes in rural landscapes is being explained studies of international expert teams many of them from russia demonstrate approaches towards both improving agricultural productivity and sustainability and enhancing ecosystem services of agricultural landscapes scientists of different disciplines decision makers farmers and further informed people dealing with the evolvment of thriving rural landscapes are the primary audience of this book
